Wednesday Evening Bible Study: What Do We Really Know About Jesus?

Starts Wednesday, Sept. 12 at 6:30 p.m. in the FLC

We will be studying the book of Luke during our midweek Bible study in the Family Life Center. Luke, a doctor by profession, gives us what is perhaps the most detailed Gospel account of Christ's life and ultimately answers the question: "What do we really know about Jesus?". He gives us an amazingly accurate account of the life and times of our Savior. In saying that, please understand that a detailed account of the life of Jesus can also help us as we seek to explain Jesus to friends and family that don't know Him as their Savior. Grab your Bible, grab a friend, and join us as we learn and grow in our understanding of Jesus.

Today's Message: How Can We Know God Exists?

Scriptures: Romans 1:18-21 & John 14:8-11

As a result of what you have received from God's Word today, what do you think He is giving you to believe or do this week?

Additional Notes:

Help me Understand: "How Can We Know God Exists?"

Today's sermon will tackle the question of "How Can We Know God Exists?" For the Christian, the existence of God is obvious...but not so for everyone. Often people look at the meaninglessness of this world and say, "How could there be a God?" Often

people see the pain and suffering in our world and question the existence of a "good God." Often people are duped by prevailing philosophies that teaches we came from nothing. But the Bible reminds us, "The heavens declare the glory of God, and the sky above proclaims his handiwork." Psalm 19:1. How can we know God exists? Because we exist...creation cries out, "There is a Creator," one who made me, loves me, and walks with me.
